Dear Sir or Madam:

Letter of Recommendation

Re: Barret Foods Limited

We engaged the services of Barrett Foods Limited from May 2018 to provide catering services for our staff in our head office and for patients in our clinics.

Their services are exceptional and with their expertise in QHSE officers, chefs and a dedicated management team, they are able to provide excellent, hygienic and timely meals to meet our standards in healthcare.

Their feedback assessment allows us to constantly stay in touch with them with our suggestions and comments constantly taken into consideration. We are also particularly impressed with the competitive prices they offer.

We are therefore enthusiastically to recommend their services to you. If you have any further queries, please do not hesitate to contact us.

Best Regards
